

TERMS AND CONDITIONS GOVERNING THE GET CASH PROGRAM

In these Terms and Conditions Governing the Get Cash Program (“Terms and Conditions”), the term “Card” means all credit cards issued by Bank of Commerce (“Bank”). The term “Cardholder” means the person at whose request one or more Cards have been issued by the Bank. The Cardholder hereby agrees to the following Terms and Conditions:

1. Get Cash Program is a special Cash Advance facility wherein select Cardholders of good credit standing may avail of cash charged to the Card together with applicable interest and other fees to be paid for by the Cardholder on an installment basis. The Bank may at its option require a minimum cash advance amount to qualify for Get Cash. The Get Cash request will be subject to verification and credit approval by the Bank. The approved Get Cash Amount and the corresponding Get Cash Interest Amount must not exceed the unused portion of the Cardholder’s Bank of Commerce Card Installment Limit.

2. Where the Bank approves a request for Get Cash, the total Get Cash amount (“Total Get Cash Amount”) shall be subject to these Terms and Conditions and all applicable terms and conditions under the Terms and Conditions Governing the Issuance and Use of Bank of Commerce Credit Card and all related provisions of the Installment Plan.

3. The monthly Get Cash due (the “Monthly Installment Due”) forms part of the minimum amount due in the statement of account of the Card. The regular Monthly Installment Due is computed as the total amount payable (the “Total Amount Payable”) divided by the term (the “Term”, i.e. number of months within which such amount must be paid) chosen by the Cardholder. The Total Amount Payable is computed as the Total Get Cash Amount plus the total amount of Get Cash interest due. The total amount of interest due (“Total Interest Due”) on the Total Get Cash Amount is computed as the sum of interest charged monthly throughout the Term chosen by the Cardholder.

The following is a sample computation for 12 month term:

Monthly Installment Due	=	Get Cash Amount x Factor Rate
	=	P10,000 x 0.093333
	=	P933.33
 Total Amount Payable	=	 Monthly Installment Due x Term
	=	 P933.33 x 12
	=	 P11,200.00

The computation of interest and principal components of the Monthly Installments Due shall be on a diminishing balance basis, and the interest and principal portions of the Monthly Installments Due will not be equal from month to month.

The first Monthly Installment Due shall be billed to the Cardholder beginning on the Cardholder’s next statement date and succeeding Monthly Installments Due shall be billed every month thereafter until the Total Amount Payable is paid in full.
