

CONVERT TO INSTALLMENT PROGRAM TERMS AND CONDITIONS

In these Terms and Conditions Governing the Convert to Installment Program ("Terms and Conditions"), the term "Card" means all credit cards issued by Bank of Commerce ("Bank"). The term "Cardholder" means the person at whose request one or more Cards have been issued by the Bank. The Cardholder hereby agrees to the following Terms and Conditions:

1. Convert to Installment Program is a Bank of Commerce Credit Card facility which allows Cardholders with active and current status to convert unbilled retail transactions and retail transactions that are reflected in the Cardholder's Statement of Account to an Installment Plan, which together with applicable interest and other fees shall be paid for by the Cardholder on a monthly installment basis. Cash Advance transactions, casino and gambling transactions, interest charges, fees, installment amortizations and US Dollar billed transactions are not convertible under the Convert to Installment Program facility.

A single or accumulated retail transaction of at least P3,000 is required for 6 and 12 month terms and P10,000 for 24 and 36 month terms.

Convert to Installment Program requests should be received by the Bank at least three (3) banking days before the Payment Due Date indicated on the Cardholder's Statement of Account; such requests will be subject to verification and credit approval by the Bank. The approved Convert to Installment Program Amount must not exceed the unused portion of the Credit Limit of the Cardholder.

An Installment Processing Fee of P250 shall be charged to the cardholder's account and shall reflect in the next Statement of Account.

Rewards points earned from the retail transaction applied for conversion shall be deducted from the Card account upon conversion, and will be credited back monthly in such amounts corresponding to the portion of the principal component of the monthly installment billed on the Statement of Account.

2. Where the Bank approves a request for Convert to Installment Program, the total Convert to Installment Program amount ("Total Convert to Installment Program Amount") shall be subject to these Terms and Conditions as well as the Terms and Conditions Governing the Issuance and Use of Bank of Commerce Credit Card ("Card T&C").

3. The Monthly Installment Due forms part of the minimum amount due in the statement of account of the Card. The Monthly Installment Due is computed as the Convert to Installment Program Amount multiplied by the Factor Rate. The Total Amount Payable is computed as the Monthly Installment Due multiplied by the Term.

The following is a sample computation for 12 month term:

Monthly Installment Due	=	Convert to Installment Program Amount x Factor Rate
	=	P10,000 x 0.093333
	=	P933.33
Total Amount Payable	=	Monthly Installment Due x Term
	=	P933.33 x 12
	=	P11,200.00

The computation of interest and principal components of the Monthly Installments Due shall be on a diminishing balance basis, and the interest and principal portions of the Monthly Installments Due will not be equal from month to month.

The first Monthly Installment Due shall be billed to the Cardholder beginning on the Cardholder's next statement date and succeeding Monthly Installments Due shall be billed every month thereafter until the Total Amount Payable is paid in full.
